

# SEEDS- South East Education for Dermatology Services

Dear GP

## GP Postgraduate Dermatology Education Programme

You are invited to attend SEEDS, the popular dermatology educational programme provided free of charge for GPs.

The SEEDS programme is aimed at all GPs within Primary Care who manage skin problems in the community, in support of ongoing personal development.

The curriculum has been designed to cover the most relevant and important topics within Dermatology, providing hints and tips for differential diagnosis, and the most up to date treatments and referral pathways.

Education will be provided by local Dermatology Consultants and certificates of attendance equivalent to three hours of CPD points will be awarded to all attendees on each training day.

**The next SEEDS for GPs event will be held on Thursday 4 April 1:30pm – 5:00pm in Worthing.**

To register your attendance and book your place for this and all future events, please contact **TAMARA COYNE**, Education Coordinator, Sussex Community Dermatology Service & West Kent Dermatology at [tamara.coyne@nhs.net](mailto:tamara.coyne@nhs.net) or 01903 703282

Yours sincerely,

**Dr Susana Morris**

Consultant Dermatologist & Dermatological Surgeon  
Sussex Community Dermatology Service,

To book your place please contact Tamara Coyne on [tamara.coyne@nhs.net](mailto:tamara.coyne@nhs.net) or 01903 703282
