Directions to Bognor War Memorial Hospital

The hospital is situated on Shripney Road (A29), in the South Bersted area of Bognor Regis. The hospital has good road access and is also close to major A roads, such as the A259 and A27. Free parking is available, however please ensure that you arrive early as parking space is limited. Once you arrive at the main entrance, please park in the main car park and walk outside and around the hospital to get to the Dermatology Outpatients department. The department is a self-contained, prefabricated building called the Shripney Unit. It is located to the west of the main Outpatients Department. Elderly or disabled patients can be dropped off right outside the department if required, however please be aware that patients should park in the main free car park where possible since the smaller car parks located closer to the department are usually full.
